

DBi

The Global Network Of Trusted Professionals

 **DBi International** started in 2012 as an expansive network of doing business in The Netherlands, which in 2013 evolved to become a worldwide network.

It was **born to alleviate** the tedious process of setting up a business in a foreign jurisdiction, in the absence of any specialized local expert.

Since then **DBi** became the effective partner-network of experts that facilitates the business setting up process in every jurisdiction with key pillars such as: Legal Compliance, Accounting, Banking and Trading.

Up until today we firmly believe in our **core mission**: to facilitate and enhance international business activities, foster economic development, and forge strategic partnerships and alliances between global enterprises.

The Benefits of The DBi Network are abundant:

- 1.** Lead generation within an international community
- 2.** Cross-discipline bonding and networking
- 3.** Global Network Access of high quality firms including a exclusive WhatsApp group
- 4.** Access to knowledge all over the world, "Glocally" (locally & globally)
- 5.** Exclusivity: two specialists' per specific field, per region, covering a jurisdiction
- 6.** Strong competitive position, also against full service offices
- 7.** Forget about expensive subscription fees, we are a win-win Community Network
- 8.** Access to an exclusive forum of global business set up experts
- 9.** Trustable access to the best talent and expertise professionals worldwide

We are tax lawyers by trade, this means that we will give you genuine advice specific to your situation.

Diego Reppas
DBi Co-Founder and COO

Unburdening of the entrepreneur that's our mission!

Hendrik-Jan van Duijn
DBi Co-Founder

As the International Community creator, together we bring the best talent of trusted professionals with the heart & mind in the right place.
